RE: COUNTY INTEGRATED DEVELOPMENT PLAN 2023- 2027 OFFICIAL LAUNCH

The County Integrated Development Plan (CIDP) is a plan prepared by all counties to guide development over a five-year period.

The launch was officiated by His Excellency Joseph Ole Lenku Governor Kajiado County. The CIDP will guide the County Executive in the formation of its annual development plans, spatial plans, fiscal paper, budget and laws meant to facilitate the realization of the County objectives of transforming Kajiado in a sustainable way.

The plan is aligned to the National development framework – the Kenya Vision 2030 and its 4th Medium – Term Plan, the Bottom -Up Economic Transformation Agenda (BETA). It is further aligned to the international commitments and obligations such as the Sustainable Development Goals (SDGs), the Paris Agreement on climate change and the Sendai Framework.

The ksh. 133.6 billion five-year development plan anchors our focus into actionable strategies which have incorporated the County vision themed ‘A sustainable and Transformed Kajiado’.

The development plan sets the priorities and ensures cross-sectoral consistency with the agreed sustainable and transformed Kajiado.

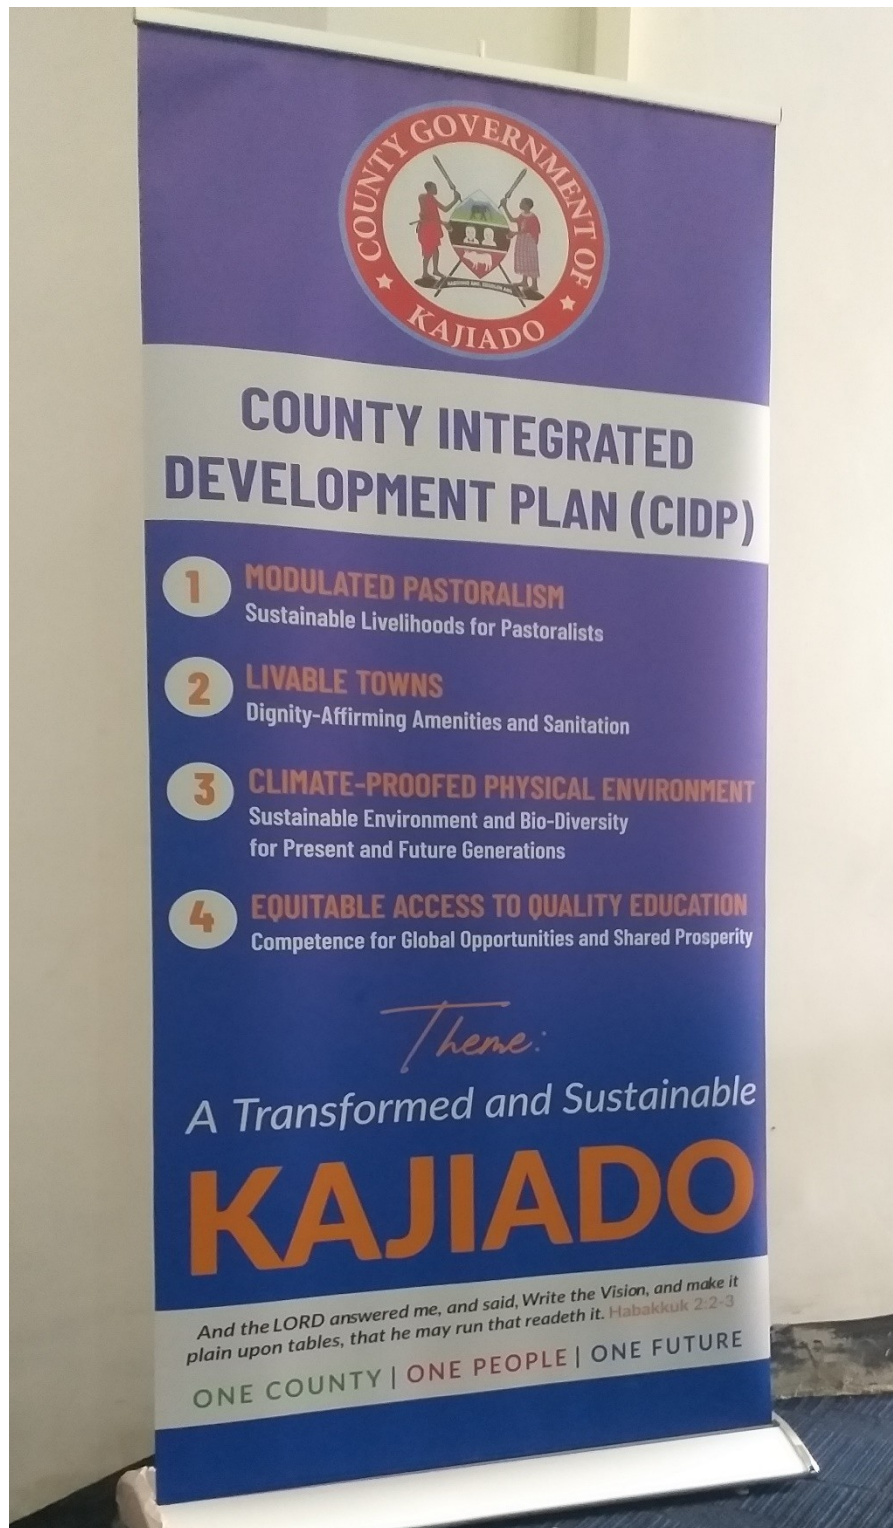

The plan majorly focuses on **modulated pastoralism** where farmers will be supported to participate in their respective value chains.

Urban centers will benefit from clean water supply, sewerage system, greening and cleaning the towns.

It also seeks to participate in activities that create **climate change** adaptation. The plan also seeks at providing quality and equitable access to **competitive education** opportunities for the local youths.

H.E Joseph Ole Lenku Addressing Kajiado Citizens during the launch.

3rd – Generation CIDP Main Agendas.

H.E Joseph Ole Lenku and the Deputy Governor unveiling the 3rd generation CIDP.
