Citizen participation is an integral part of development as provided for in the constitution and the Kitengela Municipal Charter as section 9 of the Urban Areas and Cities Act (No. 13 of 2011). Best practices show that when communities and Municipal authorities work in partnership, opportunities open up for integrated development. Kitengela municipal board recognizes the resources in Community networks that drives the development and implementation of the Kajiado County Spatial Plans, the Integrated Municipal Development Plan, the Land Zoning Plans, the Waste Management Plans and the Municipal Annual Development Plans among others.

The municipal board and management are keen to work with sector-based groups, neighborhood associations, religious organizations and youth and women groups, cooperates, CBOs and NGOs within our boundaries. Coordinated and targeted working relationships with these actors offer detailed knowledge of vulnerability and its drivers, as well as scope for co-benefits in community leadership, livelihoods and infrastructure access.

Kitengela municipality as a local authority will continuously strengthen the aspects of public participation and ensure adequate resources are availed for continuous civic education.

The municipality has mapped out dates for public forums as a guideline but the calls for participation are not limited to these dates, the municipality will call different stakeholders at different times when need arises.
